Career Objective

Inheriting the skills and knowledge more on web development. I would like to extend my career as a frontend developer. I find it my sort of thing and I see my future bright in it. Being a front-end developer can be a better career option for me as of now because of its enormous demands and desires. Looking to leverage my knowledge and experience into a role as a Front-End Developer.

Work Experience

HTML, CSS, Bootstrap, JS, jQuery

Website Frontend Designing

Designed the Frontend or the UI (User Interface) of the websites. Some of the frontend design of the websites that I did includes;

- <https://itnepalsolutions.com>
- <https://newgaurishankar.com.np/>
- <https://adhikarisulav81.github.io/blooddonations/>
- <https://shf.itnepalsolutions.com/>
- <https://sulavadhikari.com.np/>
- <https://writetechblog.blogspot.com/> and many more.

Company Website

Designed and developed the Frontend of the website named IT Nepal Solutions (<https://itnepalsolutions.com>) and also delivered its web content and blogs.

Portfolio Website

Begin from the tech academic and wanting to leverage into the tech sector than having a portfolio is a must. So, I designed my personal portfolio site and published it as well (<https://sulavadhikari.com.np/>).

Blog Website

Apart from frontend and designing, I am also interested into blogging and content writing so taking this into consideration I also designed a site for addressing my blog contents (<https://writetechblog.blogspot.com/>).

Moreover, designed the approached frontend for consumer portion for their website. Encompassed a range of financial service offerings.
