## Short About Me

Inheriting the skills and knowledge more on web development. I would like to extend my career as a frontend developer. I find it my sort of thing and I see my future bright in it. Being a front-end developer can be a better career option for me as of now because of its enormous demands and desires. Looking to leverage my knowledge and experience into a role as a Front-End Developer.

## Work Experience

**IT Nepal Solutions**

Working as a Frontend Developer and a Creative Content Writer in IT Nepal Solutions.

**Dry Ice Solutions Pvt. Ltd.**

Worked as a PHP Developer Intern in Dry Ice Solutions Pvt. Ltd. for more than three months.

## Projects Done

**Company Website**

Designed and developed the Frontend of the website named IT Nepal Solutions (https://itnepalsolutions.com) and delivered its web content and blogs.

**HTML, CSS, Bootstrap, JS, jQuery**

Website Frontend Designing

Designed the Frontend or the UI (User Interface) of the websites. Some of the frontend design of the websites that I did includes;

https://itnepalsolutions.com

https://newgaurishankar.com.np/

https://adhikarisulav81.github.io/blooddonations/

https://shf.itnepalsolutions.com/

https://sulavadhikari.com.np/

https://adhikarisulav.com.np/ and many more.

**Company Website**

Designed and developed the Frontend of the website named IT Nepal Solutions (https://itnepalsolutions.com) and also delivered its web content and blogs.

**Portfolio Website**

Begin from the tech academic and wanting to leverage into the tech sector than having a portfolio is a must. So, I designed my personal portfolio site and published it as well (https://sulavadhikari.com.np/).

**Blog Website**

Apart from frontend and designing, I am also interested into blogging and content writing so taking this into consideration I also designed a site for addressing my blog contents (https://adhikarisulav.com.np/).

Moreover, designed the approached frontend for consumer portion for their website. Encompassed a range of financial service offerings.
